

Statement of Conformance

BM Security is committed to providing high-quality services to our clients in a manner that complies with applicable national and international laws, and protects the safety, security, human rights, and fundamental freedoms of all internal and external stakeholders, including our company staff, our clients, third parties who act on behalf of our company, suppliers, and the local populations in areas where our company operates.

BM Security has developed and implemented a set of policies, procedures, and controls that incorporates and conforms to the principles and values of applicable international humanitarian law, international human rights law, and customary international law. This is to ensure that our company conforms to ANSI/ASIS PSC.1-2022(Management System for Quality of Private Security Operations), Guiding principles on Business and Human rights; Implementing the United Nations “Protect, Respect and Remedy” Framework 2011, ISO 18788:2015(Management System for Private Security Operations) and any other applicable internationally recognized human rights commitment (e.g Voluntary Principles on Security and Human rights). This system supports the objectives of the Montreux Document on Pertinent International Legal Obligations and Good Practices for States Related to Operations of Private Military and Security Companies During Armed Conflict and the International Code of Conduct for Private Security Service Providers.

BM Security shall require all staff, subcontractors, and anyone else acting on its behalf to treat all persons humanely with respect for their dignity and privacy and to comply with all applicable human right laws and obligations, as well as other applicable laws, as set forth in the company Code of Business Ethics and Conduct.
